Series 6300

Synthetic Bristle – Acrylic & Oil

A better, longer lasting bristle brush that performs better than natural bristle across a broad range of media. A key advantage of 6300 is that it won't go limp even in water! Try that with natural bristle! Modeled on the look and feel of hog bristle, series 6300 is a perfect brush for painters switching from oils to acrylic or water miscible oil. A real workhorse in even heavy bodied acrylics and suitable for use with gels and impasto media.

- Synthetic Hog Bristle provides excellent stiffness in water based mediums
- Good snap for shape retention
- Great all-purpose brush

Angle Bright

| | item number | size | MOQ | MSRP |
|--|------------------|------|-----|---------|
