Synthetic Sable – Long Handle – Oil & Acrylic

Stiffness ●●●○○○
 Acrylic ●●●●○○
 Watercolor ○○○○○○
 Oil ●●●●●●

A long handled version of our flagship 4050 series. A revelation for oil painters who have found natural sable wearing out too fast. Very similar in performance to natural sable, this brush starts out more affordable and wears longer providing an even better value. Portrait painters rely on these brushes to impart no brush strokes on subtle skin textures. Ideal for glazing techniques as well.

- Precise shapes and sizes for fine detail
- Performance of Sable without the high cost
- More durable than natural sable
