## Series 6700

### Synthetic – Long Handle – Acrylic & Oil

The perfect brush line for big tasks. Developed and handcrafted by Germany's most experienced brush makers, each brush provides control and consistency when painting large surfaces. Multiple synthetic filaments and hair lengths hold more paint, making large jobs faster and more efficient. Redline™ Brush handles are multi-coated with lacquer and are made from European beech wood for enhanced durability. Four different brush shapes expand the creative versatility of these brushes.

- Painting large surfaces
- Holds more paint
- Paddle shaped handles for comfortable application of color
